EDUCATION

Concordia University

B.Eng. Software Engineering

Sep 2025 – Present

EXPERIENCE

Rumy

Co-Founder / CTO

Dec 2025 – Present

Remote

- Leading product strategy, user research, UI/UX design, and full-stack development from concept through validation.
- Selected for LvlUp Ventures' LvlUp Labs program, gaining access to hands-on mentorship, investor guidance, and more.
- Selected for League of Innovators' Labs 17 accelerator to advance Rumy's customer validation, product strategy, and more.

League of Innovators

Labs 17 Founder

Sep 2026 – Present

Canada

- Selected for Labs 17, League of Innovators' competitive 12-week accelerator for young Canadian founders.
- Advancing Rumy through customer discovery, rapid product iteration, growth experiments, and founder mentorship.
- Participating in expert-led workshops, founder sessions, and peer accountability groups focused on every startup aspect.

Base44

Campus Impact Leader

Sep 2026 – Present

Montreal, QC

- Selected for the founding class of Base44 Campus Impact Leaders, a global student network expanding AI-powered app development on university campuses.
- Leading Base44 adoption at Concordia University through student events, community initiatives, and educational content.
- Collaborating directly with Base44's global team and student leaders to develop campus campaigns and provide product feedback.

Meta x MLH

Production Engineering Fellow

Jun 2026 – Aug 2026

Remote

- Completed 12-weeks of structured curriculum-based learning covering core Production Engineering topics, supplemented with events / workshops hosted by industry experts.
- Created an open-source personal portfolio website template using Python, Flask, Jinja, MySQL, Nginx, and unittest.
- Automated testing and deployment workflows using CI/CD.
- Set up system and container monitoring, alerting, and visualization using Prometheus and Grafana.

LvlUp Ventures

LvlUp Labs Founder

May 2026 – Aug 2026

Remote

- Selected for LvlUp Labs, a founder-focused startup program providing hands-on support through LvlUp Ventures' investor and mentor network.
- Refined Rumy's product strategy, positioning, and go-to-market approach through mentorship and founder programming.
- Connected with founders, investors, and industry professionals across LvlUp Ventures' startup ecosystem.

Athena AI

Software Engineering Intern

Mar 2025 – May 2025

Montreal, QC

- Contributed to Athena AI, a fast-growing startup with 3M+ users, building and shipping React + TypeScript features.
- Lifted model accuracy from 74% to 92% by building Python pipelines to analyze and cluster failure cases.
- Supported live product demos at World Summit AI, contributing to increased partner support and user interest by 15%.
